## Mary Breckinridge Hospital Implements eRAD Enterprise PACS

**Greenville, South Carolina – July 23, 2008** eRAD, an industry leader in workflow solutions through its native Web Based PACS and Teleradiology products, announced today that the Mary Breckinridge Hospital in Hyden, Kentucky is now operational with eRAD's Enterprise PACS. Mary Breckinridge has implemented the complete, high availability Enterprise PACS solution from eRAD which provides for automated failover for all servers in the configuration thus ensuring business continuance for this acute care facility.

According to Cleveland Hurt, Radiology Director at Mary Breckinridge, "eRAD PACS was selected following a very detailed analysis and review process, and also because of the flexibility of their web reading solution, secure server configuration details, and workflow enhancement features such as annotation, dictation, and transcription."

Mary Breckinridge CFO, Robert Besten added, "By selecting eRAD PACS, we were able to procure premium technology at an excellent value."

Mallie S. Noble, Administrator at Mary Breckinridge Hospital stated, "Patient care is our top priority, eRAD PACS has helped us enhance the quality of care that we are committed to provide to our patients in our service area."

The eRAD PACS system was provided to Mary Breckinridge Hospital through American Medical Imaging Solutions (AMIS) of Huntington, WV, a distribution partner of eRAD, Inc..

"AMIS is an excellent reseller of eRAD products and provides a strong local service presence covering a significant installed base of eRAD PACS in their territory," said Randy Phillips, VP of Operations and Customer Support for eRAD, Inc.

### **About Mary Breckinridge Hospital**

The Mary Breckinridge Hospital meets the challenges facing a small rural hospital. In September of 2003 the hospital became a Critical Access Hospital which provides basic services necessary to the community, maintains a low average length of stay and networks with other healthcare providers to ensure that the healthcare needs of the community are met. Mary Breckinridge Hospital offers a fully equipped emergency room, inpatient services, state of art diagnostic and ancillary services, and houses the Wasson Rural Health Clinic. Mary Breckinridge Hospital employs over one hundred employees from the local community making it the second largest employer in Leslie County.
