eRAD, Inc. Adds Nine New Customers in Q3 2008

Greenville, South Carolina – October 23, 2008. eRAD, an industry leader in workflow solutions through its native web-based RIS/PACS and Diagnostic Information Management Systems, announced today that the Company has taken orders from nine new customers during the third quarter of 2008. New accounts represent diverse locations and specialties some of which include: Metropolitan State Hospital in Norwalk, CA; Future Diagnostic Group providing outpatient radiology in Joliet, IL; Central Peninsula Health Centers in Soldotna, AK; and the SORC Orthopedic Clinic providing sports and occupational rehabilitation in Albuquerque, NM. The scalability and value proposition of eRAD PACS allows providers of all shapes and sizes to access the same high performance software at an affordable price.

About eRAD

eRAD, Inc.® was founded in 1999 and offers a standards-based, web-centric image management solution using leading-edge technology. eRAD PACS web-accessible archive, and workflow solutions are installed in over two-hundred twenty-five customer sites throughout the USA. eRAD's PACS and RIS solutions integrate full-featured RIS/PACS and image management with workflow tools for hospitals, clinics, imaging centers and physician practices.
